

Look Up, Look Down

This is a great icebreaker that can create a good atmosphere in the EAL classroom.

It is suitable for all ages and abilities and should last about five minutes.

Instructions:

- 1) Gather the pupils into a circle.
- 2) The pupils start by looking down. On the command 'Look Up', they must stare at another pupil in the circle.
- 3) If two pupils make eye contact with each other, they are both out.
- 4) The game continues until only one person remains and they are the winner.
