

# What Did I Say?

*This is a very simple activity that can help EAL students develop pronunciation and memorisation skills, as well as learn key vocabulary.*

*It is suitable for pupils aged 7+ and should last around ten minutes.*

## **Instructions:**

- 1) Gather the pupils into a circle.
- 2) Give the pupils a theme. They must think of a word related to that theme.
- 3) Go round the circle asking the pupils to say their word.
- 4) When everyone has said a word, pick two pupils at random. They have to recall the word that the other pupil chose.

**NOTE: This is NOT competitive - allow the rest of the class to help if a pupil is struggling. For variation, increase the tempo, or change the rules from a word to a sentence.**
